September Competition Results and October Highlights

We're kicking off this newsletter by celebrating some incredible results from September! Congratulations to William's squad, who competed in the Bronze Challenge Cup last month. Aoibhe, Ana, Emilia, Jessica, Cara, and Grace all delivered fantastic performances and hit new skills – we couldn't be prouder of their achievements!

Additionally, our Floor & Vault gymnasts showcased their talents at Dundonald's annual competition in September, bringing home lots of medals and delivering standout performances. Well done to everyone involved!

Looking ahead to October, our Artistic Squad girls are gearing up for the Zinc & Copper Challenge Cup Competition on October 18th-19th. Cara, Erin, Maceyleigh, Valentina, Lauren, Isabella, Rebecca, Mabel, Christina, Charlotte, Laura & Nina have been training hard, and we're excited to see them shine. Let's give them all our support!

We're also wishing the best of luck to our Stage 3&4 Gymnasts, along with our Floor & Vault squad, who will be competing in the EK invitational 4-piece entry on Oct 5th. We know they'll do us proud!

Introducing Our New Safeguarding Officer

We are pleased to announce the appointment of Jess as our new safeguarding officer. Jess brings a wealth of experience and expertise to this important role, ensuring that all safeguarding matters are managed with the utmost professionalism and care.

To further support our commitment to safeguarding, we have introduced a new QR code system that allows for quick and secure reporting of any concerns. Preparing for Colder Months

As the colder months approach, we want to remind everyone to prepare for training by wearing layers of clothing, nice warm socks, and bringing hot water bottles to keep cozy during sessions.

Staying warm is essential for our gymnasts to focus and perform at their best! To help with this, we're bringing in extra heaters to try and create a warmer training environment. However, please note that it will still be chilly, as we do not have central heating. We appreciate your understanding as we work to make the best of the situation. If we feel the weather is too cold and conditions become unsafe, we will notify you of any session cancellations via email and on our social media channels. In such cases, sessions will either be moved or refunded.

We are trying our absolute best and are constantly looking for ways to improve the heating; however, due to the open-air roof and shared space, our options are quite limited. Thank you for your support as we navigate these challenges together!
